## Aluminium tread plate Common Size

Aluminium checker/tread plate 1.5m × 3 m × 6mm thick, 1.5m × 2.5 m × 4.5mm thick.  
5052 elevator aluminium checker plate & sheet 1250mm × 2500mm × 5mm, 1500mm × 3000mm × 5mm, 1000mm × 2000mm × 5mm.

3m × 1.5m Tread plate with 3mm to 4mm thick for horse trailer floor.

3003 alloy 3mm thick diamond type aluminium checker/tread plate Thickness: 1.5-12mm  
Width: Up to 1500mm Length: Up to 3000mm

Floor and Stair Material aluminium Diamond Plate -  
1000\*2000,1200\*2400,1220\*2440,1250\*3000,1500\*3000

## Detailed Description

Alloy	Temper	Pattern	Thickness	Width
1050, 1060, 1070, 1100, 3003, 3004, 3105, 5052, 5083, 6061	H0, H12, H14, H16, H18, H22, H24, H26, H32, H111, H112, T651 .	Diamond bar (1 bar), 5 bars	1.0mm-6.0mm	100mm-2200mm

## Packaging & Delivery

Packaging Detail :	export standard, covering with brown paper and plastic film then packed with wooden case/pallet
Delivery Detail:	30 days after receiving deposit

## Application

Automobile floor, tool box, public transportation for skid-proof purpose, airplane, light rail, vehicle steps, stair treads, elevators, etc.

## Production Procedure

## Model type and Application

Ordinary [aluminium checker plate](#) : based on 1000 series aluminium plate , Low

price ,

and be able to adapt to the usual environment. Often used for cold storage floor , machinery ,platform etc.

aluminium alloy tread plate : 3003 aluminium sheet as the mainly raw material , also know as antirust aluminium sheet . Strength is slightly higher than ordinary aluminum checker plate . Often used for cold storage floor , truck models , and some humid environment .

3003-H22 aluminium checker/tread plate - The brilliant shine of aluminium Diamond Plate adds sparkle, along with durability. AKA: aluminium Diamond Plate, aluminium Tread Plate, Tread Bright, aluminium Floor Plate, this highly reflective, economical product is widely used in decorative, cosmetic and architectural applications. Having good forming, drilling and welding ability, aluminium Diamond Plate is easy to fabricate and its raised diamond lug pattern provides good slip resistance. Non-magnetic, Tensile = 17,000, Yield = 12,000 (+/-)

6061-T6 aluminium checker/tread plate - Strength, skid resistance, and durability are the primary selling points of this product. Although its mill finish is not as flashy as 3003 grade, 6061 aluminium Diamond Plate is widely used for industrial applications - flooring, loading ramps, trench covers, dock flooring, stair treads, elevator floors, freezers floors, etc. Offering increased strength and corrosion resistance, 6061 aluminium Diamond Plate, is easy to weld and machine, but limited formability. Non-magnetic, Tensile = 42,000, Yield = 35,000 (+/-)

# Company profile

Haomei aluminium is a professional manufacturer of aluminium tread/chequered/diamond/propeller plate which is located in the famous aluminium capital of Zhengzhou, Henan Province. We not only produce the tread plate, but also produce other pure aluminium and aluminium alloy sheet/coil/plate/strip/foil products, such as Aluminium tread plate, hot rolled marine plate, Ropp caps materials, aluminium circle/discs for

cookware and utensils and lighting, aluminium strip for transformers, aluminium mirror sheet for reflecting and others. These products are generally applied to air-conditioner, washing machine, refrigerator, cosmetic package, printing, building decoration, bus floor and telecommunication cable etc fields.

We would like to highlight our 5 bars aluminium tread plate and aluminium diamond/propeller plate for various applications with good quality and competitive price. Haomei aluminium sells its products widely to Argentina, Australia, New Zealand, USA, Brazil, Chile, Fiji, Mexico, Germany, UK, Italy, Czech, Saudi Arabia, UAE, Iran, Iraq, Bangladesh, India, Sri Lanka, Viet Nam, Japan, Korea, Singapore, Indonesia, Philippines, South Africa etc more than 50 countries.

Haomei aluminium has total annual production capacity of 200,000 metric ton aluminium sheet, strip and foil. It is equipped with 1+4 hot tandem rolling line, 4 cold mill production lines, and 5 foil mill production lines, and a complete complex of fishing equipment.

Serve our Clients with Heart and Soul has always been the motto of our company. Haomei aluminium is eager to take cooperation with all the customers from home and abroad to create a wonderful future together!!!

## History

1998 Established Haomei aluminium Co., Ltd.

1999 Completed rolling plant in Gongyi, Henan.

2000 Became the first company in Henan to manufacture hot rolled thick aluminium plates.

2003 Began manufacturing aluminium plates for the largest ethylene tanks in Henan.

2005 Became the first company in Henan to manufacture materials for long aluminium bottle cap.

2007 Became the first company in Henan to manufacture materials for short aluminium bottle cap

2008 Office moved to capital of Henan—Zhengzhou city from a small town Gongyi.

## Management Philosophy

Haomei advances its business by providing environmentally sound aluminium products that contribute to the community under the guidance of our management philosophy.

- 1.Haomei develops and supplies products and services that satisfy our customers in order to enhance corporate value and contribute to improving society.
- 2.As a responsible corporate citizen, we work toward establishing a sustainable society.
- 3.We value workers highly and seek to help them realize their full potential.
- 4.We demonstrate corporate integrity by operating in accordance with ethical business standards and fully complying with prevailing laws and regulations.

## Haomei principle

Haomei is determined to proceed with its business based on the following principle. Ensure that all the employees comply with this principle and make the principle prevail throughout the group companies. If any event against this principle should occur, we would elucidate the cause and take action for the prevention of recurrence.
